

COVID Testing Policy

If anyone in your family gets ill and you need to go to the Doctor and they recommend a COVID 19 test, **DO NOT** bring your child to daycare until you have the results from your Doctor.

With Negative test results and a Doctor's note, your child may return to childcare.

With Positive test results you will need to inform me and due to possible exposure, I will need to close my daycare for 14 days, inform licensing and the health department and do extreme deep cleaning, sanitizing and disinfecting.

If anyone in your family or someone you know within your community gets tested for COVID and you have been exposed to them, Please **DO NOT** bring your child to daycare until you have the test results.

Payments continue as per your contract, with regular payments being due on the first of each month regardless of attendance.
